

The Importance of Being Interested:

Adventures in Scientific Curiosity

Join us for a lively presentation from author, comedian, broadcaster and promoter of science
Robin Ince

**At: Totnes Cinema, Tuesday, October 26th
11:00 am**

Robin is probably best known as the co-host of the Sony Gold Award winning BBC Radio 4 series *The Infinite Monkey Cage* with Professor Brian Cox. In his new book he reveals why scientific wonder isn't just for the professionals and explores why many wrongly think of the discipline as distant and difficult. This optimistic book will leave you filled with a thirst for intellectual adventure.

Entry is free and there will be the usual great array of cakes and drinks available to purchase at the cinema. Robin is a great performer and this event will be perfect for children and adults with an enquiring mind.
