## Witchcraft: A History in Thirteen Trials

Published June 2023, Hardback £20.00

By Marion Gibson

Marion Gibson uses thirteen significant trials to tell the global history of witchcraft and witch-hunts. As well as exploring the origins of witch-hunts through some of the most famous trials from the Middle Ages to the eighteenth century.

Professor Gibson also tells the stories of the 'witches' women like Helena Scheuberin, Anny Sampson and Joan Wright, whose stories have too often been overshadowed by those of the men.

Professor Marion Gibson's administration base is the Streatham Campus in Exeter; however, Penryn Campus in Cornwall is where her Witchcraft and Magic in Culture option is based. Marion's research investigates witchcraft and magic in history from around 1500 to the present day.
